New Delhi, 22 August

The high-powered panel constituted by the government on minimum support price (MSP) following the repeal of the three contentious farm laws, in its first meeting on Monday, formed four sub-groups to take up various issues and discussed matters, even as thousands of farmers once again gathered in Delhi to press for their demand for legalising MSP.

The first sub-group will take up the Himalayan states, cropping patterns, crop diversification, and how to ensure MSP support there.

The second group is on micro-irrigation and will be headed by Sukhpal Singh, who is from IIM Ahmedabad.

The third, to be led by a representative of the National Institute of Agricultural Extension Management (MANAGE), will study "zero budget-based farming", including organic and natural farming methods. The fourth will be led by the Indian Council of Agricultural Research (ICAR) and will take up crop diversification and cropping patterns across the country.

The MSP committee, headed by former agriculture secretary Sanjay Agrawal, discussed ways to promote "zero budget-based farming", and make MSP "effective and transparent". "A presentation was given on three topics which the committee is required to examine and recommend. What and how it needs to be done, which state governments have done better so far and the successful models and learning -- were discussed," committee member Binod Anand told PTT.

NTTI Aayog member Ramesh Chand was not present in the meeting.

"The next meeting is expected to be held in Hyderabad, the dates for which will be finalised soon," a member of the panel said.

There are 26 members including the chairman of the committee and three membership slots have been kept aside for representatives of the Samyukta Kisan Morcha (SKM).

Minister Narendra Modi had promised to set up a committee to look into MSP issues.

Other members who attended the meeting include agricultural economists CSC Shekhar from the Indian Institute of Economic Development, Sukhpal Singh, and Commission for Agricultural Costs and Prices (CACP) senior member Naveen P Singh.

Meanwhile, the original SKM, which had spearheaded the year-long agitation in Delhi, surprisingly stayed away from the latest protests.

Yogendra Yadav, a prominent voice during the farmers' protests, tweeted that the kisan mahapanchayat being organised in Delhi had nothing to do with the SKM.

The protestors called themselves SKM-apolitical.

This has once again brought out the rift in the conglomeration of farmers, which at one time boasted of being a grouping of more than 300 outfits from all over the country. Commuters in Delhi had a harrowing time, something that brought back memories of difficulties they faced while the agitation was on.

There were massive traffic jams at the Delhi border, including Ghazipur and Singhu, with some of the commuters getting stuck for more than an hour due to extensive checking and curbs by the police to prevent a situation similar to 2020.

"The mahapanchayat is a one-day-long peaceful event where we will reiterate our demands such as legal guarantees for MSP and cancelling the Electricity Amendment Bill, 2022," said Abhimanyu Singh Kohar, an SKM (non-political) member and organiser of the "mahapanchayat".

The SKM has rejected this committee and decided not to nominate its representatives.

Defence corridor nets ₹11,250-crore projects

VIRENDRA SINGH RAWAT
Lucknow, 22 August

The Uttar Pradesh government has bagged 93 investment proposals worth more than ₹11,250 crore for the flagship defence corridor project.

The nodal agency, the UP Expressway Industrial Development Authority (UPEIDA), has signed memorandums of understanding (MoUs) with these private companies. The process of attracting more defence industry firms is underway.

While the government has so far acquired 1,600 hectares, about 30 companies have been allocated land for setting up their plants as part of the corridor. The UP Defence Corridor, which constitutes a vital cog in the country's defence and strategic matrix, spans six nodes in the state — Lucknow, Kanpur, Jhansi, Aligarh, Chitrakoot, and Agra.

"Apart from the previously announced UP Defence and Aerospace Employment Promotion Policy, the state has made a few amendments to encourage private invest-

ment," UPEIDA spokesperson Durgesh Upadhyay said.

The state government has tied up with leading commercial banks and financial institutions to promote the easy flow of funds to prospective investors.

Among the most prominent UP Defence Corridor projects is the Indo-Russian joint venture of BrahMos missile project in Lucknow. This is to develop next-generation supersonic missiles for the Indian forces. According to the state government, the BrahMos unit will be commissioned by 2025. The ₹300-crore BrahMos project will gen-

erate 5,500 fresh jobs. The ancillaries will create an additional 10,000 jobs.

The Yogi Adityanath government has allocated 200 acres for the BrahMos project on a lease of merely ₹1, considering its importance for national security and for showcasing the state as a preferred destination for the defence manufacturing sector.

Meanwhile, the Adani group firm — Adani Defence & Aerospace — has signed an MoU with UPEIDA to develop South Asia's largest integrated ammunition manufacturing facility in 250 acres at a cost of ₹1,500 crore.

New mines give SECL ray of hope

R KRISHNA DAS
Raipur, 22 August

The South Eastern Coalfields (SECL), which failed to meet the coal production target last financial year, can have a sigh of relief with the discovery of new mines.

The Central Mine Planning and Design Institute (CMPDI) has started exploration at 50 places in the Chirimiri Coalfields, which are located in the valley of the Hasdeo river, a tributary of the Mahanadi, in the Koriya district of Chhattisgarh.

The coalfields are part of

Central India Coalfields and the mines are developed and operated by SECL, a Chhattisgarh-based arm of state-run Coal India (CIL).

According to SECL officials, digging work has started at 25 places. "The exploration work has started in the lease area of the SECL and we have received a very positive indication that will facilitate for the company to enhance its output," a senior official said.

SECL has been the largest dry-fuel producer among all CIL entities. However, Odisha-based Mahanadi Coalfields (MCL), another CIL

subsidiary, succeeded SECL to take the top spot. MCL emerged as the largest coal producing company of CIL with production pegged at 168.2 million tonnes (mt) against previous year's 148 mt, an increase of 13.6 per cent.

At the same time, production at SECL spilled and the company even failed to achieve the target set for the financial year 2021-22. It could produce 142.5 mt against the target of 150.6 mt. Even the first four months of 2022-23 have not been so encouraging for the SECL with coal output declining 8.4 per cent.

RAJASTHAN Plans afoot to raise income of farmers

ANIL SHARMA
Jaipur, 22 August

The Rajasthan government is working on a strategy to increase farmers' income, according to officials.

"The steps include providing seeds of improved varieties at an affordable rate so that there is an increase in productivity and income. The government is also holding campaigns and deliberations with farmers in every corner of the state to improve farming techniques," officials said.

According to estimates, agriculture and allied sectors contribute over 25 per cent to the gross state domestic product. For fiscal year 2022-23, Chief Minister Ashok Gehlot had presented a separate Budget on agriculture, which made a provision of ₹1,705 crore to benefit over 400,000 farmers with drip irrigation.

Similarly, the state has approved the construction of 9,738 farm ponds, for which the Budget offered a subsidy of ₹825 crore.

The state is issuing work orders for setting up 22,807 solar pumps for farmers, for which it is giving a subsidy of ₹61.58 crore.

The work is also on to provide 1,000 drones with a cost of ₹40 crore to gram seva sahakari samitis and farmer organisations to help farmers spray pesticides effectively in less time and at a low cost.

Seeds of 1 million bajra or pearl millet mini kits worth ₹78 crore and 200,000 micronutrient and organic pesticide kits have been distributed to small and marginal farmers under the Mukhyamantri Beej Swalamban Yojana.

Besides, the government is floating a proposal to set up an organic commodity board and centres for excellence for micro irrigation at divisional headquarters.
