II. Risk Factors Associated with Investments in REITs and InvITs: VOLATILITY OF DISTRIBUTIONS

The REITs & InvITs distributions will be based on the Net Distributable Cash Flows available for distribution, and not on whether the REITs & InvITs makes an accounting profit or loss. The amount of cash available for distribution principally depends upon the amount of cash that the REIT/InvIT receives as dividends or the interest and principal payments from portfolio assets. The cash flows generated by portfolio assets from operations may fluctuate based on, among other things.

- Economic cycles and risks inherent in the business which may negatively impact valuations, returns and profitability of portfolio assets.
- Force majeure events related such as earthquakes, floods etc. rendering the portfolio assets inoperable.
- Debt service requirements and other liabilities of the portfolio assets.
- Fluctuations in the working capital needs of the portfolio assets.
- Ability of portfolio assets to borrow funds and access capital markets.
- Changes in applicable laws and regulations, which may restrict the payment of dividends by portfolio assets.
- Amount and timing of capital expenditures on portfolio assets.
- Insurance policies may not provide adequate protection against various risks associated with operations of the REIT/InvIT such as fire, natural disasters, accidents.

OPERATIONAL AND RESIDUAL RISKS

• REIT & InvITs Assets are subject to various risks that we may not be insured against, adequately or at all, including:

- (i) Changes in governmental and regulatory policies;
- (ii) Shortages of, or adverse price movement for, materials, equipment and plants;
- (iii) Design and engineering defects;
- (iv) Breakdown, failure or substandard performance of the underlying assets and other equipments;
- (v) Improper installation or operation of the underlying assets and other equipment;
- (vi) Terrorism and acts of war;
- (vii) Inclement weather and natural disasters;
- (viii) Environmental hazards, including earthquakes, flooding, tsunamis and landslide
- Any additional debt financing or issuance of additional Units may have a material, adverse effect on the REITs & InvITs distributions.
- Any future issuance of Units by REITs & InvITs or sales of Units by the Sponsor or any of other significant Unitholders may materially and adversely affect the trading price of the Units.
- The Valuation Report, and any underlying reports, and the valuation contained therein may not be indicative of the true value of the Project SPVs' assets.
- Risk related to business or industry sector.
- There can be no assurance that REITs & InvITs will be able to successfully undertake future acquisitions.

Market Risk: REITs and InvITs are volatile and prone to price fluctuations on a daily basis owing to market movements. AMC/Fund Manager's investment decisions may not always be profitable, as actual market movements may be at variance with the anticipated trends. NAV of the Scheme is vulnerable to movements in the prices of securities invested by the scheme, due to various market related factors like changes in the general market conditions, factors and forces affecting capital market, level of interest rates, trading volumes, settlement periods and transfer procedures.

Liquidity Risk: As the liquidity of the investments made by the scheme(s) could, at times, be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for liquidating the investments in the scheme may be high in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme portfolio risk. The subsequent valuation of illiquid units may reflect a discount from the market price of comparable securities for which a liquid market exists.

Reinvestment Risk: Investments in REITs & InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or dividend pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns.

Price-Risk or Interest-Rate Risk: REITs & InvITs run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.

Credit Risk: In simple terms this risk means that the issuer of a debenture/ bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. REITs & InvITs are likely to have volatile cash flows as the repayment dates would not necessarily be pre scheduled.

The above are some of the common risks associated with investments in REITs & InvITs.

RISK MITIGATION FACTORS: The UTI AMC Ltd. (AMC) endeavours to invest in REITs/InvITs, where adequate due diligence and research has been performed by AMC. The AMC also relies on its own research as well as third party research. This involves one-to-one meetings with the managements, attending conferences and analyst meets and also tele-conferences. The analysis will focus, amongst others, on the strength of management, predictability and certainty of cash flows, value of assets, capital structure, business prospects, policy environment, volatility of business conditions, etc.

The above change is being effected by adhering to Regulation 18(15A) of SEBI (Mutual Funds) Regulation 1996 of change in fundamental attribute of the scheme and provisions of SEBI (Mutual Funds) (Amendment) Regulations, 2017 dated February 15, 2017 and SEBI Circular SEBI/HO/IMD/DF2/CIR/P/2017/17 dated February 28, 2017.

Option to existing unit holders of above schemes:

- Kindly note that no action needs to be taken by the unitholders in this regard if they desire to continue in the scheme with revised fundamental attribute. The Exit option is purely optional.
- Unitholders who do not wish to continue, are given an Exit Option to either redeem their existing units or switch their existing units to any other scheme of UTI Mutual Fund at prevailing NAV during the interval period without any load from 17/08/2017 to 31/08/2017 [both days inclusive], for a period of 15 days. In such a case, unit holders are requested to inform us in writing by submitting the duly discharged Account Statement and informing your complete bank account details (including Core banking account number & IFS code), email ID and mobile number on any business day during the exit option period. For the procedure of Change / Updation of Bank details and Change of Address, please refer to Scheme Information Document (SID) and Statement of additional Information (SAI). The necessary Forms are available on our website www.utimf.com and also at all UTI Financial centres. Unitholders who holds units of the scheme in dematerialised form, wishes to exit can submit redemption request with his / her DP during exit option period.
- The redemptions/switch out requests shall be processed at applicable NAV of the day of receipt of such redemption / switch request, as per cut off time of receipt, without deduction of any exit load, provided the same is received during the exit period of 15 days mentioned above.
- Please note that the unitholders who have pledged or encumbered their units will not have the option to exit unless they procure an effective release of their pledge/encumbrances prior to the submission of redemption/switch-out requests.
- Unit holders who do not exercise the exit option, shall be deemed to have consented to the aforesaid proposal.
- The updated SID & KIM of the schemes containing the revised provisions shall be made available with our Investor Service Centres and also displayed on the website www.utimf.com immediately after completion of duration of exit option.

All other features and terms and conditions of the schemes shall remain unchanged.

This Addendum is an integral part of the Scheme Information Document (SID) & Key Information Memoranda (KIM) of the above referred Schemes of UTI Mutual Fund and shall be read in conjunction with the SID, SAI & KIM.
