

CABINET DECISION

New formula for ethanol pricing

CCEA decides price, exclusive of taxes and levies at slightly less than earlier one from 2014

SANJEEB MUKHERJEE
New Delhi, 13 October

The Cabinet Committee on Economic Affairs (CCEA) has approved a new mechanism for fixing the price of ethanol that oil marketing companies (OMCs) would procure from sugar companies, resulting in a ₹1-1.50 a litre drop. Oil companies have to necessarily blend up to 10 per cent of ethanol in petrol. The price OMCs would have to pay to sugar companies for the 2016-17 season that started from October 1 was fixed at ₹ 39 a litre, excluding any taxes and duties. This price would be for ethanol supplied from December 1 till November 30, 2017. OMCs would bear the expenditure on excise duty, value added tax/goods and

services tax (VAT/GST), transportation charges, etc, as decided by the OMCs. Earlier, these expenditures were borne by the sugar companies or ethanol suppliers. The government in 2014 had fixed an ethanol price of ₹48.5-49.5 for ethanol supplied to OMCs which included all the taxes and duties levied by states or Centre. This effectively meant the ex-factory realisation for sugar companies was ₹40.5-41 a litre. Some states levied an extra tax on ethanol and actual realisation for some mills went up to ₹42 a litre. For such companies, Thursday's decision would mean a ₹3 a litre drop. Sugar industry sources said almost 70 per cent of the ethanol supplied in the 2015-16 sugar season was at ₹40.5-41 a litre. "The price of ethanol has been determined on the basis of the prevalent price of sugar in the open market, as also the demand-supply situation," Dharmendra Pradhan, petroleum minister, said after the CCEA meeting. "The rate paid to sugar mills was never ₹ 48.50. It was ₹42. That price (₹48.50) was after including excise duty, VAT and other levies and transportation

cost." The price of ethanol will be reviewed at any time during the ethanol supply period – December 1, 2016 to November 30, 2017, it was stated after the meeting. Welcoming the decision, Abinash Verma, director-general of the Indian Sugar Mills Association, said he welcomed the decision to fix an ex-distillery price, removing the uncertainties from tax rates and duties levied by some states. India blocks Pak project at green climate fund meet

Says project technically flawed

NITIN SETHI
New Delhi, 13 October India blocked a climate change project from Pakistan at the Green Climate Fund, raising eyebrows at the meeting in South Korea. The project is to be located in Gilgit-Baltistan and the province of Khyber Pakhtunkhwa. The Green Climate Fund (GCF) is an arm of the climate change convention to fund proj-

ects in developing countries, supported by financing by rich countries and multilateral donors. India is one of the three board members representing the Asia-Pacific region, along with China and Saudi Arabia. The fund's board is meeting in Songdo, South Korea, to consider funding proposals. On Wednesday, India's representative Dinesh Sharma, special secretary in the finance ministry, called the Pakistan project for adapting to climate change in the Himalayan region as flawed. He said he agreed with all the other proposals. In response to Business Standard's e-mail queries, Sharma said he found the Pakistan project flawed on technical grounds and nothing else should be implied from it. But two other developing country board members that Business Standard spoke to expressed disappointment. "Here (at climate negotiations) we don't represent just our individual national interests but we work as a group to protect developing country interests India could have put more conditions but let it move ahead. Unfortunately, it is not budging."
